

## Regarding COVID-19

At this time, Embrace is making efforts to minimize exposure and reduce transmission of the Coronavirus (COVID-19) to our clients and staff. We are asking screening questions, prior to or at the time of their appointments to identify those who are at risk of COVID-19. We appreciate your cooperation and patience during this process.

**It is important to stay home if you are sick to prevent spreading the virus.** Please help us protect our vulnerable population by answering these questions before coming in for your appointment:

### **Do you have any symptoms?**

- Fever
- Cough
- Shortness of breath, or lower respiratory infection symptoms

### **Have you had potential exposure?**

- Have you had close contact with anyone who has or is suspected of having Covid-19?

**If you answer YES to any of the above questions, please call Embrace at (316)-945-9400 so we can assess risk and make appropriate referrals. *If our staff assesses you to be at risk, you will be asked to schedule your appointment to a future date for the safety of our staff and patients.***
